

Asset Coalition Toolkit for States

What is ACTS?

The ACTS website is a **free** national repository of resources for existing and emerging asset coalitions. ACTS provides the tools necessary for asset coalitions to expand their capabilities, develop their policy agendas and fulfill their mission of developing asset opportunities and protections for all people.

Why use ACTS?

ACTS provides a wealth of information specifically prepared for and by asset-building coalitions. ACTS contains the most current research, legislation, peer learning and best practices relevant to asset-building coalitions. With ACTS, emerging and existing coalitions can increase their capacity and efficiency, develop and expand their policy agenda, and discuss asset initiatives with their peers.

ACTS' Features

A **free**, online resource, ACTS leverages the most current research and legislation, peer learning and best practices, and additional resources relevant to state asset coalitions. The ACTS website features:

- **Administration and management tools**
- **Policy and advocacy resources**
- **Interactive dialogue with other coalitions**
- **Opportunities to publish and distribute research**
- **Templates and forms for operations and advocacy**
- **Funding resources**
- **Media and marketing resources**
