**MOTION FOR CLASS
CERTIFICATION**

Plaintiff moves for an order of this Court, pursuant to Rule 23 of the Massachusetts Rule of Civil Procedure, that this matter be maintained as a class action on behalf of all

As grounds for this motion, plaintiff states that: the class is so numerous that joinder of all members is impracticable; there are question of law and fact common to the class; the joinder of all members is impracticable; there are questions of law and fact common to the class; that the claims of the named plaintiff are typical of those of the class; and the plaintiff will fairly and adequately represent the interests of the class. In addition, the common questions of law and fact predominate over individual differences, and a class action is superior to other available methods for resolving the controversy.
